

Alderley Edge Copper Mines

The next Derbyshire Caving Club Open Weekend will be held at Engine Vein Mine

Photographs by Nigel Dibben and Rob Stevenson

On Saturday 18th and Sunday 19th of April 2026
From 10.00 am until 4.00 pm

Guided underground tours of this mine that has been worked since the Bronze Age will be conducted at timed intervals throughout the day. Members of the club will also be demonstrating modern rope access methods in the mine. There will also be displays about the mine history and archaeology.

Lights and helmets will be provided. If you plan to go underground, we advise you to wear old clothes and boots.
